# Triple Head Fun to Use Toothbrush

Simply put the teeth within the brush-heads then move the brush back and forth for beautifully clean teeth and massaged gums.

## The Easiest Way For Children To Clean Their Teeth Properly - Even Teeth With Braces!

Benefit's unique flexible head design allows kids to clean all tooth surfaces in a single brushing stroke while effectively removing plaque and gently massaging gum tissue.

- Benefit™ toothbrushes get the job done faster, easier and better - It's the triple action oral hygiene remedy!
- 3 flexible heads maintain the proper pressure on all surfaces of the tooth with every stroke.
- Brushes are at an optimal 45 degree angle. Softer outer bristles massage the gums, helping to prevent periodontal disease.
- Large padded handle for a secure grip, wet or dry.
