

FOR BETTER PET HYGIENE

Brushing your pet's teeth is a major step to keeping your pet healthy.

Science has established the connection between unhealthy gums and heart disease.

Brushing wards off bad breath, gum disease and multiple infections.

Triple•Pet Toothbrush

- Gets the job done faster, easier & better.
• Three flexible heads maintain the proper pressure on all surfaces of the tooth with every stroke.
• Side bristles are at the proper 45 degree angle reducing need for arm twisting. Soft outer bristles massage gums.
• Only brush with a padded handle for a better grip, also protects the animal.
• Packaged 1/peggable blister card, and in a combination package with the Triple•Pet Toothpaste

Triple•Pet Toothpaste

- All Natural, Sugar Free, Tartar Control Formula.
